MONTGOMERY AND BRADLEY PLAYING "SEPARATE BUT CO-ORDINATE PARTS" IN ALLIED OPERATIONS IN FRANCE

Eisenhower Pays Warm Tribute to Montgomery — New Arrangement is Not Demotion for Him, It is Said — Commanders Referred To As A "Team"

By Joseph Thomas
(I. N. S. Staff Correspondent)
Supreme Headquarters, AEF,
Aug. 31—Gen. Dwight D. Eisenhower, commander-in-chief of all Allied forces in Europe, revealed today at a news conference that Gen. Sir Bernard L. Montgomery and Lieut. Gen. Omar N. Bradley are now playing what he termed "separate but co-ordinate parts" in Allied operations in France.

Hitherto, Gen. Montgomery has been commander of all Allied forces in the field in Northern France. Gen. Eisenhower emphasized the fact that the new arrangement was not a demotion for Gen. Montgomery, to whom he paid warm tribute as a close personal friend for whom he has great admiration.

Eisenhower declared that the colorful Montgomery is "one of the great soldiers of this or any other war." He ridiculed allegations of dissension within the Allied High Command and repeatedly referred to his commanders as members of his "team."

The four-starred American General explained that Montgomery had been put in tactical control of the Allied landings in Northern France until the Allies were able to break out of the Normandy bridgehead, and said that the new set-up does not mean that the Americans won't help the British or vice-versa.

Meat and Butter Point Values To Be Unchanged

WASHINGTON, Aug. 31.—(INS)—The Office of Price Administration announced today that meat and butter point values will continue unchanged in September when civilians will receive a slight increase in the over-all supply of meat but 10 percent less of the better cuts. Present point values will be maintained next month for beef steaks and roasts of AA (choice), A (good) and B (commercial grades); lamb chops and roasts of AA, A and B grades; and pork hams and loins. All other meats will continue point free, including utility beef and lamb.

Creamery butter will continue at 16 points per pound in the September ration period, although the new point charts have it listed at 20 points. OPA explained that the supply was found to be adequate to maintain current butter values after the charts already had been printed.

Inform That Blumling Was Wounded In Action

Mrs. Millie Farino Blumling, 218 Cedar street, has received official word from the War Department that her husband, Pvt. Fred Blumling, was slightly wounded in action in France. The telegram received yesterday clarifies a message sent by Pvt. Blumling to his wife. He had stated in a letter received last week that he was hospitalized in England, but did not say whether he had an attack of illness or had been wounded in action.

Same Members of Faculty Will Return for The 1944-45 Term

HAVE EIGHT GRADES

SOUTH LANGHORNE, Aug. 31—The South Langhorne public school will open on Wednesday, Sept. 6th, for the term of 1944-45.

The following will again serve as teachers in the school.

Kindergarten, Mrs. Marion Appert; 1st and 2nd grades, Miss Elizabeth Little; 3rd and 4th grades, Miss Nellie E. Main; 5th and 6th grades, Mrs. Virginia Enoch; 7th and 8th grades, Miss Genevieve Smith, principal.

Magill Funeral To Be Held Saturday Afternoon

Funeral services for Mrs. Kate Lyons Magill, 59, wife of Dr. Roscoe C. Magill, well known New Hope and Bristol eye specialist and physician and member of the staff of several Philadelphia hospitals, will be held Saturday afternoon in the Lambertville, N. J. Presbyterian Church. The Magills resided at New Hope.

Mrs. Magill died suddenly on Tuesday night at the Lankenau Hospital, Philadelphia, where she had been a patient but a short time. She suffered a heart attack five hours before she died, at a time when she seemed to be very much improved.

She was the daughter of the late Mr. and Mrs. James Lyons, of Lambertville and had been married to Dr. Magill for 34 years. She was a well known teacher of violin for some years, but in recent years devoted her time to assisting her husband and did his secretarial work.

The survivors include the husband, Dr. Magill, who is also superintendent of Washington's Crossing Park; a son, Chief Petty Officer James Lyons Magill, U. S. Navy, stationed at Asbury Park, N. J., and a daughter, Jean Watt Magill, living at home.

COMPLETES COURSE

William H. Campbell, son of William H. Campbell, Harrison street, has completed a course at the aviation ordnanceman school, Naval Air Technical Training Center, Memphis, Tenn. He is a graduate of Langhorne-Middletown high school, and took his "boot" training at Bainbridge, Md.

PLAN BAKE SALE

The Ladies' Auxiliary of the Citizens' Defense Association of Newport, will hold a bake sale at its headquarters in Newport Fire House, No. 1, Bensalem Township, on Saturday. Breads, cakes, cookies, pies, baked beans and potato salad are the items for sale.

FILE SUITS AGAINST SEVENTY-FIVE RESIDENTS OF BUCKS COUNTY; LARGEST EVER FILED IN ONE DAY

DOYLESTOWN, Aug. 31—Seventy-five suits against Bucks county residents—the largest ever filed in one day—were filed yesterday in the Court of Common Pleas of Bucks county by Horace N. Davis, Esq., of Bristol, and Insurance Commissioner for the Commonwealth of Pennsylvania Gregg L. Neel.

The suits are to recover an assessment made against policy holders in the defunct Keystone Indemnity Exchange of Philadelphia, which company was dissolved June 8, 1933. Litigation has been in progress for 11 years since the dissolution

TAXATION AND FINANCE

PART SEVEN:
SOUND SOCIAL SECURITY
(Doylestown Intelligencer, August 31st)

The Freudians believe that what we forget is what we dislike. That may be the reason that people thinking about government and finance often tend to leave the tax bill out of consideration.

The Social Security program is marvelous; the bigger, the better—so long as you forget taxes. Remembering them, however, recalling that from some source partly from your own pockets and those of your children, must come the money to pay the bills, slightly dampens the first enthusiasm.

Social Security as organized at present is an economic impossibility. One does not require to be an enemy to the principle of government help for the needy to concede that statements in fact, those sincerely sympathetic to social security are more apt, perhaps, to wish a sound financial foundation than those who seek to use the program merely for political purposes.

Social Security was first envisioned as a gigantic revolving fund or funds, created from payroll deductions and employer contributions, out of which unemployed, aged widowed mothers, blind and other dependents would receive support. The economic theory was that contributions would in the long run match expenditures, so that the fund would become self-supporting. It was to be, in effect, an insurance pool operated by the government.

Instead it has been the occasion of a check-writing orgy, the contributions largely handled as current revenue instead of reserves, the bills met principally by borrowing against future generations.

The economic factors are unmistakable. Social Security cannot continue indefinitely if it is to be on the basis of endless borrowing. Neither can it operate if the amount of its disbursements goes beyond the ability of wage-earners to support through taxes and deductions.

Coming when it did, Social Security had particular attractiveness to the New Deal political leaders. It was a matter strongly in the public mind at that time—a time when scarcely a job-holder in the nation was sure he also might not be needing relief in a matter of weeks.

National credit was excellent—the national debt had been greatly reduced since the First World War; there was little difficulty about borrowing the money, and no particular public anxiety about the future tax bills.

Moreover, the right to hand out stupendously large checks, without judicial or other review, fitted into the hands of the "practical" politicians of the New Deal school. Many millions of relief and other Social Security funds were misspent for flagrantly political purposes.

For the theorists of the New Deal, those who wanted strong central government to enable them to attempt their social revolution, the plan was ideal. It gave them a chance which they otherwise lacked of breaking down the Constitutional checks and balances of States' Rights. Seizing the power of putting conditions of the allocation

Make Known Identity Of Sailor Found Dead

The next of kin have been notified and Naval officials have made known the identity of the sailor found dead along the Old York road between Buckingham and Furlong early Monday morning.

The sailor was identified as Seaman 2/c Russell Cheatham Stoughton, stationed at the U. S. Naval Air Station at Hallowell, Stoughton's home is in Alexandria, Va.

State Police and naval officials believe that the sailor was thumbing a ride back to his station when he was struck by a hit-run driver. The impact was so great that whatever hit the sailor, almost decapitated him.

The badly mangled body was discovered lying on the highway by William Fisher, of New York City, a truck driver en route to New York.

SGT. C. J. ROSSI IS AWARDED AIR MEDAL

Operational Flights Total Over 100 Hours In 25 Days

'COURAGE UNDER FIRE'

Sgt. Cherubino J. Rossi, an engineer-gunner in the U. S. Army Air Corps, has been awarded the air medal.

Sgt. Rossi, who is a member of the Bombardment Squadron, is cited in this manner for the period from June 1 to June 25, 1944, for "meritorious achievement while participating in operational flights totalling more than 100 hours, during which exposure to enemy fire was probable and expected."

On these flights over enemy-held Burma, it is stated, Rossi and other of the crew "exhibited keen perception and appreciation of the importance of their assignments and relation to the combat crew as members thereof. The execution of their assigned duties with coolness and courage under enemy fire is worthy of the best traditions of the Army Air Forces."

Rossi is the son of Mr. and Mrs. Pasquale Rossi, 1104 Wood street.

Lad, 5, Found Drowned In Creek Yesterday

RICHBORO, Aug. 31—Five-year-old John Andrew Lindsay, son of Dr. and Mrs. Thomas Lindsay, well known Richboro, Bucks county physician, was found drowned in a small creek on the farm of Julius G. Heinicke, Mearns and Poorhouse rds., in Warwick township yesterday.

The youngster had been playing with another 5-year-old child, Jay Heinicke while Dr. Lindsay was mowing on his farm opposite the Heinicke place.

The Heinicke youngster had been called for dinner and the Lindsay boy, it is believed, started over to meet his father when he fell in the creek. The body was found by Dr. Lindsay several hours later as he waded through the shallow creek.

The Lindsays have three other children, Martha, 12, Thomas, 10, and Susan, 3.

Forecast Early Immobilization of Nazi Robot Bomb Coast

Supreme Headquarters, A. E. F.—A lightning British jab into the city of Amiens on the Somme forecasting early immobilization of the Nazis' robot bomb coast was reported in a Reuter dispatch from the battlefield today.

Official information from Gen. Dwight D. Eisenhower's headquarters placed Lieut. Gen. Sir Miles C. Dempsey's crack British troops 20 miles from Amiens. But Desmond Tighe, Reuter correspondent with the 2nd Army, flashed this dispatch from the battlefield.

"At first light this morning Gen. Dempsey's British armored columns after an all-night forced drive through pelting rain under low clouds and up muddy roads, reached Amiens, which lies only some 40 miles from Abbeville." In reaching Amiens, the British cut the main road between that city and Brussels in several places, "throwing the German lines of communication into confusion," Reuter said.

Amiens is a city of enormous strategic importance. It was the scene of a great German breakthrough in 1940 and its fall made that of Abbeville inevitable, with the result the Nazis crashed through to the channel coast, precipitating the necessity of a British evacuation from Dunkirk.

Only advanced elements reached Amiens during the morning, but three strong columns of tanks and armored cars were closely behind, with a broad front of motorized infantry in their wake.

Toppling Reich Threatened With New Disasters

London—The toppling Reich is threatened with new disasters today as Romanian delegates in Moscow talk peace terms, the puppet state of Slovakia races in full-scale revolt, and Bulgaria reportedly prepares for an armistice.

A Reuter report from Cairo told of the arrival of a Bulgarian armistice commission there and said they were met by a group of civilian and military Allied Balkan experts.

It was previously reported that Lincoln McVeag, U. S. ambassador to Yugoslavia and Greece, and Lord Moyne, British Minister of State in the Middle East, would head the Allied delegation negotiating the armistice. Preliminary work on the terms was reported completed after conferences both with Prime Minister Winston Churchill and representatives of the Soviet Government and a Bulgarian reply is anticipated within a few days.

WOUND FOLLOWED 25 DAYS OF FIGHTING

Pvt. Jos. A. Winslow Had Snipers To Contend With In Hedgerow Battles

RAPIDLY IMPROVING

Pvt. Joseph A. Winslow, 802 Beaver street, who a month ago informed his wife, Dorothy Anderson Winslow, that he had been wounded in action, sustained that hand wound after 25 consecutive days of fighting in Normandy where every hedgerow was alive with enemy snipers and Nazi 88 mm. guns ready to blast anything that moved. This is according to information coming from the U. S. General Hospital in England where Winslow is a patient.

His ward surgeon, Capt. R. L. Wilder, states that "Pvt. Winslow is recovering rapidly and his condition is improving."

"The day I was wounded," the infantryman said, "we were crawling along a hedgerow. The Germans were a few yards in front of us. All of a sudden a shell exploded beside me, blowing the fellow who was leading the column completely in half. That was where I got mine."

BRISTOL TOWNSHIP TO OPEN SIX NEW SCHOOL ROOMS

Addition to Junior High School Allows Expansion of Program

THE TEACHER ROSTER

Announce the Schedule on Which Buses Will Operate During Term

Bristol Township schools will open Tuesday, September 5th. All first grade pupils will be registered on the opening day of school. It is necessary that such children be six years of age before February 1, 1945, and that they take with them birth certificate and vaccination certificate, states the principal, Andrew Jackson.

Maple Shade School will continue half sessions in first, second, third, and fourth grades on the same schedule as 1944-45 term. All other schools will be on full day schedules.

All necessary repairs, painting and alterations have been made in the elementary buildings.

The capacity of the junior high school has been increased by the addition of six rooms, making it possible to have a complete junior high school set-up of seventh, eighth and ninth grades in one building. The additional rooms to the junior high school have added to the facilities for the library, home economics, and industrial arts.

Additional furniture has been purchased for the music department, library, and home economics. The home economics department will now include home-making, clothing, and food.

The roster of teachers is complete and includes the following:

Junior high school faculty: Walter D. Miller, social studies; Henry C. Morgan, mathematics and physical education; James E. Foley, civics and history; Max Lawrence, industrial arts; James S. Ritter, science and mathematics; Miss Ethel Kines, English; Miss Edna Pennypacker, English; Mrs. A. Erna McKevitt, music; Miss Gladys Ackerman, art; Miss Hazel B. Cook, home economics; Mrs. Ethel B. Woolston, geography; Miss M. Ivy Foley, mathematics and Latin; Miss Tama E. Swayer, librarian; Mrs. Pearl Struble, physical education and guidance.

Croydon faculty: Mrs. Mary W. Devine, 6th grade; Miss Leona Beck, 5th grade; Miss Orpha Wetzel, 4th grade; Mrs. Estelle Rea, 3rd grade; Miss Anna Kirby, 2nd grade; Mrs. Glenda Glassmire, 1st grade.

Maple Shade school: Miss Caroline Black, 6th grade; Miss Ethel Morgan, 5th grade; Mrs. Florence Lewis, 4th grade; Miss Kathryn Griffie, 3rd grade; Miss Doroté Diehl, 2nd grade; Miss Evelyn Teaf, 1st grade.

Laurel Bend School: Mrs. Madeline Patten, 5th and 6th grades; Miss Kathleen Beck, 3rd and 4th grades; Mrs. Genevieve Miller, 1st and 2nd grades.

WHAT OUR BOYS ARE DOING TO WIN THE WAR

PONTIAC, Mich., Aug. 31—The Army Ordnance Department today announced that Lawrence S. Moore, of Bristol, Pa., has completed a special course in anti-aircraft artillery maintenance at the Pontiac Ordnance School conducted by the Pontiac Motor Division.

He was selected to attend the course in practical mechanical upkeep, operated by the Ordnance Department which maintains schools, in cooperation with manufacturers, throughout the country.

The automotive industry is responsible for the manufacture of practically all the anti-aircraft weapons required by our Armed Forces. Therefore, these organizations were recognized as a logical place to set up training facilities to augment those already in existence in the Ordnance Training Centers. The immediate need for trained specialists to maintain and repair this equipment was met by the manufacturers of these weapons within their organizations.

The program conducted by the Ordnance Military Training Division is aimed at creating the greatest force of trained specialists in the history of our country to meet the demands of mechanized warfare.

PAPER FOR VICTORY

Because paper is as essential to war as metals, a nationwide campaign is under way to make up through salvage a shortage which exists in the regular channels of production. The goal of this campaign is a minimum of 8,000,000 tons a year. This huge amount indicates the tremendous need for paper during the closing months of the war. Thousands of patriotic citizens are engaged in the effort. Civic organizations throughout the nation are lending a hand.

Next to food and ammunition, paper is the most vital need of America's fighting men. What they eat must be wrapped in paper. Ammunition for their guns is protected by it. Blueprints for a battleship require 25 tons of paper. Blood plasma which is saving hundreds of lives, would not be available if it were not for paper. There are thousands of other uses.

The War Production Board has issued many orders to meet the shortage. The first move was to ration paper to the newspapers of the nation. Quotas were drastically curtailed—to such an extent that much advertising has had to be omitted for lack of space. To date only one newspaper in the entire United States has been found guilty of failing to comply with rationing restrictions.

The record of the Washington bureaucracy in the campaign to save paper stinks. Paper for the press of America has been curtailed, but the New Dealers have wasted thousands of tons on non-sensical questionnaires and on propaganda handouts.

POSTWAR HOUSES

National Association of Home Builders has called in publicity experts to debunk the widely accepted belief that houses to be constructed after the war will be little short of dream homes.

There has been much irresponsible propaganda to that effect. Elaborately illustrated articles showed the home of the future to be a thing of beauty and a joy forever. Cool in summer, warm in winter, entirely automatic in all its functions, beautiful inside and out, these houses left absolutely nothing to be desired.

Association heads fear the public will be sold so thoroughly on the idea that homes built from conventional plans will not be accepted. To overcome possible harmful effects of irresponsible predictions as to future housing, they will initiate a nationwide campaign in which they will point out that for at least several years after the war houses will be little different in general style than at present. Improvements will not be of a revolutionary nature.

A million homes a year is the peacetime goal. They will cost more because of increased material prices and higher labor costs. They will be insulated, with finished basements to add to roominess. Five- and six-room types will have no dining rooms and will cost from \$6,000 up, according to local conditions.

The dream home is yet to come.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, and successfully try them for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

NEWTOWN

Mr. and Mrs. Edward R. Barnsley have left for Alberta Province, Canada, where they are visiting at the Hunt Ranch, near Calgary.

LeRoy Suber, who underwent a recent operation at Abington Hospital, has returned to his home and is recovering.

William A. Erlico, son of Mr. and Mrs. Alfred Erlico, recently graduated from a course of signalman's training at Great Lakes, Ill.

Mrs. Fritz Bloch and Mrs. Samuel Attack, of Philadelphia, and Mrs. George Liddle, New York City, spent the week-end with their sister, Mrs. Harvey Lear.

Mr. and Mrs. Robert C. Wilson, Jr., and their son, Sgt. Duane Wilson, of Somerville, N. J., spent Sunday with Mr. and Mrs. Millard Reeder. Mrs. Reeder returned with

Recipe for a Perfect Marriage

Dee and Jane Cuppers celebrated their Golden Wedding Anniversary last Saturday. Having so many friends, it seemed like half the town stopped in that evening to pay their respects.

Little Ida Moffat brought a home-made poem to read, called "Love Enduring. Bert Childers fiddled "Silver Threads Among the Gold." Will Dudley made a speech and proposed a toast.

And as I watched that toast—Dee with his glass of beer, Jane with her buttermilk—I thought to myself: There's a recipe for

happy marriage. Two folks with different tastes—no doubt an honest fault or two—who through the years have learned to live in tolerance and understanding.

From where I sit, Dee and Jane are a mighty good example to young married people of today—an example of how moderation, tolerance and understanding can build lasting happiness and solid homes.

Faith Clarke's SHOPPING TIPS FOR BUDGETEERS

GOOD "YOUNG" SHOES: To my way of thinking there just isn't any shoe for boys and girls that can surpass an "Edwards."

And now the Snellenburg Shoe Dept. has its quota for early school wear. These carefully designed shoes of excellent brown elk-cowhide are amazingly reasonable in price—only \$4.45 for sizes 8 1/2 to 12 and \$4.95 for sizes 12 1/2 to 3. I particularly like the leathers in the Edwards shoes, because they are soft enough for comfort, yet sturdy enough for hard wear. The styles for boys are equipped with "scuff" tips. (1st fl.)

CHESTERFIELD HATS: At least that's what I call them, for they are especially designed for wear with velvet-collared Chesterfield coats so good last year and so essential this season. They are "young" hats, yet become girls twelve to sixty! There are three outstanding styles, all with felt tops and flattering velvet brims. All are the same good price—\$2.85. There's a soft-appearing, but firm little pill-box with a velvet rim rather than brim, a charming cloche, and a winged Dutch version. Colors and combinations of colors are legion, including the more subdued all-browns and blacks. You'll like this first floor Snellenburg Hat Bar!

"SLITWISE" are the unusually distinctive "Glenwear" blouses now to be had at the first floor Blouse Counter of the Snellenburg Store. And now they are popular! The unexpected price of \$2.95 for this quality blouse adds to the appeal. Several definitely new necklines, as well as the classic collar type. Bright shades, such as amber, fuchsia, powder, etc., and white and deeper tones consistent with Autumn. You'll love them. These blouses are inexpensive enough to buy several. Both smooth crepe and spun rayons. Sizes 32 to 38. (1st fl.)

HIGH SCHOOL "BRIES," the kind snappy students like, are to be had in the Handbag Dept. of the Snellenburg Store. These durable brief cases of split cowhide leather come in brown and in black. They are generous in size, have three pockets, and those grand extension locks. This particular model comes at a mere \$3.75. Strong handles. Other models to \$7.95. This department also has an unusually nice assortment of good brief cases of the type business men like, up to \$12.95. See the whole display when in the department. (1st fl.)

JUST LIKE DAD'S are the very manly tailored Snellenburg suits for the "younger" men of the family. I refer particularly to the 100% virgin wool tweeds to be found in the good boys' Dept. Nice detailing, even to swank "half-linings," make these suits particularly attractive at such a price—\$16.75. Sizes 14 to 20. (3rd fl.)

P.S. Shop at this friendly store—Market from 11th to 12th, thru to 1125-29 Chestnut St., Phila. Or order by mail. Or phone free (5c, 10c and 15c out of town calls only.) Clippings appreciated. Penna. number, ENTERprise 10160; New Jersey, WX-1150. Cheerily, Faithfully, FAITH.

A STRANGE CATCH

KISKA, Alaska.—(INS)—Despite abundance of game fish in waters off the Aleutians, G. I. Jews have forsaken rod and reel for the grapple hook. Catches to date include forty "Made in Japan" rifles from a shipload sunk last year by an army bomber.

When War Came We Had All of These:

...but the Enemy had the RUBBER

Synthetic rubber... America's great war miracle... quickly overcame this crisis chiefly with the aid of alcohol produced by beverage distillers

The Japanese conquest of the world's largest natural rubber producing centers produced a grave crisis in America's war effort.

Synthetic rubber was the only solution. The problem... to produce it in time.

America's rubber chemists knew how to make it. But... the most practical process at the time required huge amounts of alcohol... far beyond the already overtaxed productive capacity of industrial alcohol plants.

Fortunately the beverage distilling industry was in existence in this country with 125 distilleries and a capacity of nearly 250,000,000 gallons annually.

Beverage distillers stopped making whiskey overnight... converted 100% to the manufacture of industrial alcohol. Soon millions of gallons of this vital ingredient were flowing into synthetic rubber plants.

The rest is history.

Synthetic rubber production today is ample to meet our needs for essential civilian and war rubber goods... this emergency no longer exists.

Proof!... the request of Bradley Dewey, Rubber Director, to terminate his wartime powers.

Thank you for your patience!

America's beverage distillers are fully aware of the inconveniences you encountered during the 22 months when not a drop of whiskey was made in this country. For your extreme patience and understanding during this period, they express their sincere thanks and appreciation.

Conference of Alcoholic Beverage Industries, Inc.

CRISIS IN 1942

"If we fail to secure quickly a large new rubber supply our war effort and our domestic economy both will collapse."

—Baruch Report, Sept. 11, 1942

ACHIEVEMENT IN 1944

"A synthetic rubber industry has been established and is in complete operation. It is providing the nation with an ample supply of rubber."

—Bradley Dewey, Rubber Director, July 25, 1944

TRIBUTE

Commenting on the beverage distilling industry's contribution, a high W.P.B. official said on April 13, 1944...

- "...it is fair to regard the rubber manufactured to date, as being almost solely the product of the beverage distilling industry."
- "...synthetic rubber is from 6 to 9 months ahead of where it could have been if alcohol had not been available for butadiene production."
- "...an almost unparalleled example of the overnight conversion of an entire industry from peace to war."

—Dr. Walter G. Whitman

We don't like to tell people that they'll have to wait to get a home telephone. We'd much rather say "yes" to requests for service. That's the way it used to be.

But the needs of war have first claim on available telephone equipment and on telephone manufacturing facilities and manpower. Delays in filling civilian orders just can't be helped.

All of us telephone people sincerely appreciate the co-operative understanding being shown by the many thousands who are waiting their turn to get service.

“Youth Appeal” of Dewey Hailed by Mrs. Carroll

HARRISBURG, Aug. 31.—(INS)—The “youth appeal” of Gov. Thomas E. Dewey, 1944 Republican standard bearer, will help swing Pennsylvania women into the GOP line-up in the general election, Mrs. Edna R. Carroll, vice chairman of the Republican State Committee predicted today.

“This year,” she declared, “sixty per cent of the voters will be women and the majority of them will cast their votes for Governor Dewey.”

Mrs. Carroll said the 42-year-old presidential nominee could count on a huge bloc of women's votes November 7 in his battle to oust President Roosevelt from the White House after 12 years.

The preponderance of feminine voters was caused by the inductions of men into the armed services and while they will have an opportunity to cast military ballots, election officials have not indicated they expected a flood of returns unless the war in Europe ended suddenly.

“Women are glad for an opportunity to cast their ballots for a young candidate,” she continued. “They admire Dewey's courage and ability.”

Mrs. Carroll said women liked to visualize Dewey's wife as the nation's first lady and added that Mrs. Dewey and Connecticut's glamorous Congresswoman, Mrs. Claire Booth Luce, would be influential in determining the women's choice.

No Water Shortage In Doylestown Area

DOYLESTOWN, Aug. 31.—If each of the approximately 5,000 men, women and children of Doylestown had used their proportionate amount of 400,000 gallons of water that was consumed daily during the recent hot spell, it would have been 80 gallons apiece for each 24 hours, nearly 33 per cent more than the average daily consumption of 300,000 gallons during 1943.

According to the report of Herbert P. Coulton, superintendent of the water works, the consumption of water has been stepped up this Summer by 50,000 to 60,000 gallons over the average daily amount.

Graduates With Honors At Commissary School

William Joseph Wilson, Ship's Cook 1/c, of San Diego, Cal., son of former Bristol residents, recently graduated as honor man of a class of 46 in the commissary stewards school at the Naval Training Center in San Diego.

Wilson, son of William C. and Hazel M. Wilson, of San Diego, has concluded 23 months of sea duty, 16 of them being spent on an auxiliary craft, and seven months aboard an amphibious vessel.

The young man is possessor of campaign ribbons and battle stars, representing defense of Guadalcanal, initial landing on Tarawa and initial landing on Kwajalein. The young man, aged 34, joined the navy in March, 1942. His tour of duty has taken him to Honolulu, the Marshall Islands, Johnston, Palomar, Samoa, Pango-Pango, New Zealand and New Caledonia.

PITTSBURGH.—(INS)—A new degree—associated in arts—will be offered to veterans in a new course at the University of Pittsburgh. The two-year course “is only offered as a help” to veterans anxious to settle their lives as soon as possible, explained Dr. Stanton C. Crawford, dean of men.

LEGAL NOTICE

TO ALL TAXPAYERS OF THE COUNTY OF BUCKS AND OTHER INTERESTED PARTIES:
NOTICE is hereby given that the ASSESSMENT ROLL has been prepared and submitted by the Chief Assessor of Bucks County to the Board of Assessment and Revision of Taxes, of Bucks County, in the form prescribed by said Board with list of persons and property subject to local taxation, together with the value placed upon each person, each parcel or tract of real property and the personal property of each person; also a list of property exempted by law from taxation, as required by the Act of General Assembly of Pennsylvania approved May 21, 1943 being Act No. 254.
The said Assessment Roll shall be open to public inspection at the Offices of the Board of Assessment and Revision of Taxes in the Administration Building at Doylestown, Bucks County, Pa., during the ordinary business hours of each business day for a period of thirty days, said business hours being from 9:00 A. M. until 4:00 P. M., on each Monday to Friday inclusive and on each

Saturday from 9:00 A. M. to 12:00 Noon, except on Christmas and New Years days, or other legal holidays.
You are notified that any person aggrieved by any assessment may appeal to the Board of Assessment and Revision of Taxes for relief. Any person desiring to make an appeal shall file with the Board, within thirty days from the date of this notice, a statement in writing of intention to appeal, setting forth (1) the assessment or assessments by which such person feels aggrieved; and (2) the address to which the Board shall mail notice of when and where to appear for hearing. The Act provides “No person shall be permitted to appeal from any assessment in any year unless he shall have first filed the statement of intention required, nor shall any person be permitted to appeal as to any assessment not designated in such statement.”
In addition to the notice of intention to file an appeal any person desiring to appeal from any assessment shall file a statement in writing designating the assessment appealed from, with the Board, within two and one-half months from the date of this notice, to wit: on or before the 15th day of November, 1944.
Dated at Doylestown, Pa., September 18th, 1944.

Cpl. Wayne Fry Takes As His Bride Miss Doris Hendricks

LINDEN, N. J., Aug. 31—A corporal in the U. S. Marine Corps Reserve, Wayne Franklin Fry, of Bristol, Pa., took as his bride at an early evening ceremony, yesterday, a resident of Linden. The bride is the former Miss Doris Hendricks, of 135 Thelma Terrace. The six o'clock ceremony occurred in the Linden Methodist Church, the Rev. Forrest L. Decker being the officiating clergyman.

The bride is the sister of Mrs. Edmund B. Schoonmaker, of Linden, and Cpl. Fry is the son of Councilman Roy F. Fry, 323 Jefferson avenue, Bristol. The former Miss Hendricks at one time resided in Bristol. She is the daughter of Mr. John Reading Hendricks, of Wood street, Bristol, and the late Mrs. Hendricks.

Ferns and palms made an attractive setting in the candle-lit office, and wedding music was provided by Mrs. O. Goodwin, who played "Evening Star," "Perfect Love," "Ah, Sweet Mystery of Life" and "I Love You Truly." Miss Anne Elchorn was the vocalist for the occasion, her offerings being "Because" and "Calm As the Night."

Attending the bride were Miss Irene Perkins, Linden, who served as maid of honor; and Miss Adele Schoonmaker, a niece of the bride, as junior bridesmaid. PFC Kenneth Kistler, of New Tripoli, Pa., was the attendant of Cpl. Fry; and Mr. J. Robert Hendricks, Bristol; and Mr. Charles D. Benn, Hummelville, Pa., served as ushers.

The bridal gown was an attractive model patterned from shell pink brocade taffeta. The gown had a sweetheart neckline, and long full skirt with a slight train. Her fingertip veil and tulle calot were in matching color tone, and she also wore her mitts. She carried a bouquet of white roses and bouvardia with bow of pink tulle.

Miss Perkins selected for the occasion a gown of blue brocade taffeta, fashioned like that worn by the bride; and Miss Schoonmaker wore yellow taffeta patterned similarly. The attendants wore calots matching their respective costumes. Miss Perkins carried pink roses and blue delphinium; and Miss Schoonmaker carried yellow roses and blue delphinium.

Fifty guests were served at the Colonia Country Club at Colonia. Leaving for a honeymoon journey to the Pocono Mountains, Mrs. Fry wore a dress of orchid sheer wool, trimmed with wool fringe. Her hat was in matching tone, and she wore black accessories.

Mrs. Schoonmaker, sister of the bride, chose for the wedding ceremony a dress of black crepe, trimmed with pink eyelet embroidery; black velvet hat with pink face veil; and long black gloves.

The bride will remain in Linden, while Cpl. Fry will report to Quantico, Va. The bride is a graduate of Bristol high school, Bristol, Pa.; and of Drake College, Mr. Fry graduated from Philadelphia Textile Institute. He has been serving for the past 22 months in Ireland, and is now on 30 days' furlough.

Almighty Lord and everlasting God, vouchsafe, we beseech Thee, to direct, sanctify, and govern, both our hearts and bodies in the ways of Thy laws, and in the works of Thy commandments; that through Thy most mighty protection, both here and ever, we may be preserved in body and soul; through our Lord and Saviour Jesus Christ with whom, in the days of His flesh, we can say "Thou art our refuge; our present help in time of trouble; our hiding-place from the wind and covert from the tempest; our God, in Thee will we trust." We pray in the name of our resurrected, ascended and glorified Saviour even Jesus Christ our Lord. Amen.

BRISTOL ALL-STARS LOSE TO TRENTON GIRLS; SCORE, 7 TO 3

Klemczak and Vitale Do
Pitching for Bristol
Team

PLAYED AT TRENTON

Return Game To Be Played
On Bristol High
School Field

TRENTON, Aug. 31—The Bristol All-Stars received their first setback of the season last evening on Wetzel field as they bowed to the Trenton All-Stars 7-3. The Bristol All-Stars is an aggregation picked from the Girls' Industrial Softball Association while the Trenton team was picked from the Trenton Play-ground league.

Stella Klemczak and Viola Vitale did the pitching for the Bristol team while their battery mates were Rita McHugh and Ella Mae Puma. Both teams played good ball in spots.

George Moran, president of the Girls' Industrial Softball Association, announced last night that a return game will be played on the Bristol high school field next Thursday evening.

Wound Followed 25 Days of Fighting

"Before I was wounded," he said, "I took a jeep into a wood to see if there were Germans there. When I had gone a short way, I came upon two Jerries drinking cognac. They were nearly drunk. After taking them prisoners without any trouble I went back to camp."

"The French were friendly to us," said Pvt. Winslow. "They gave cognac and wine to any of our soldiers passing their homes. It was all they had left to give but they were generous."

Colonel A. G. Gould, of Ithaca, N. Y., commanding officer of the hospital, said: "Pvt Winslow is receiving treatment from an experienced staff of doctors and nurses. The latest medical techniques in modern science are available for his benefit."

A fire took place about five o'clock, shortly before the 73 persons attending the reunion were about to have a picnic supper. The Newtown Fire Co. responded to the alarm and was able to save the barn which was about 25 feet from the hayhouse. Water was drawn from Silver Lake.

The cause of the fire is not known.

The fire was the second family tragedy to occur during the day. The other occurred about 5.30 a. m. when James McLaughlin, Ivyland, died of a stroke.

During the business session it was announced that three other members of the family had been lost during the past year. They were: John Tomlinson, Langhorne; Charles Tomlinson, Yardley, and F. Hastings, Langhorne.

Five marriages and six births were reported.

Mrs. Phoebe Carver, Langhorne, who was 31 in May, was the oldest member present, and the youngest was Samuel Thomas, the son of Thomas and Mae Longstreet, of Newtown, who was born October 17, 1943.

Floyd Mariett, Langhorne, was re-elected president of the reunion. Other officers include: Preston Carver, Churchville, vice-president; Elsie Beans, Lahaska, secretary; and Samuel S. Tomlinson, treasurer.

Holstein Field Day will be held at Groslyn Farm, owned by Isaac S. Gross, about a half mile west of Plumsteadville, on Sept. 1.

Claire Miller, of the National Holstein Association, will have charge of the herd classification which will begin at 10 a. m. Earl J. Groff, president of the Pennsylvania Holstein Association, will speak during the afternoon, when there will also be music provided by local talent. Lunch will be served at noon by the Women's Missionary Society of the Dublin Lutheran Church.

Harry C. Moyer, 73, died suddenly of a heart attack Sunday evening while seated at the supper table at his Quakertown home. He had been ill for some time.

Well known in civic and musical circles, he had been connected for the past 40 years with the Quakertown band and for the past 50 years with other Bucks county musical organizations. He was the first leader of the Citizens' Band of Quakertown and director of the Richlandtown band.

He played the clarinet, piano and organ and was organist at St. John's Lutheran Church, Quakertown, for 22 years, and for 10 years organist of the Methodist church. A cigarmaker by trade, he had for the past eight years been em-

ployed at the Quakertown Community Hospital.

He was born in Milford township June 6, 1871, a son of John and Catherine Clymer Moyer.

of these moneys to the states, they were able to make great inroads into state sovereignty.

A new picture of Social Security is gradually evolving in the public mind.

Stabilized employment even though based largely on the war effort, has greatly lessened the number of those who think they may shortly be dependent upon government support. The number of those who face substantial tax payment has greatly increased. A growing uneasiness about the dangers of sky-high debt is felt on all sides.

Moreover, the universality of War Bond holding has given many who might otherwise worry little about

fiscal policies a personal and business-like interest in sound national finances.

When a majority of the people of the nation either already had lost their jobs or feared they might soon be out of work, their first consideration was government assistance at all costs. That was the natural and human reaction.

But at a time when the majority of Americans are worrying about meeting their tax bill, the demand is bound to be for a Social Security program which makes financial sense; one not too large to be supported, one which can become self-contained in its finances; one

MONTGOMERY AND BRADLEY PLAYING "SEPARATE BUT CO-ORDINATE PARTS" IN ALLIED OPERATIONS IN FRANCE

Eisenhower Pays Warm Tribute to Montgomery — New
Arrangement is Not Demotion for Him, It is Said—
Commanders Referred To As A "Team"

By Joseph Thomas
(U. S. Staff Correspondent)
Supreme Headquarters, AEF,
Aug. 31—Gen. Dwight D. Eisenhower,
commander-in-chief of all Allied
forces in Europe, revealed today
at a news conference that Gen.
Sir Bernard L. Montgomery and
Lieut. Gen. Omar N. Bradley are
now playing what he termed "sepa-
rate but co-ordinate parts" in Al-
lied operations in France.

Hitherto, Gen. Montgomery has
been commander of all Allied forces
in the field in Northern France.

Gen. Eisenhower emphasized the
fact that the new arrangement was
not a demotion for Gen. Montgom-
ery, to whom he paid warm tribute
as a close personal friend for whom
he has great admiration.

Eisenhower declared that the
colorful Montgomery is "one of the
great soldiers of this or any other
war." He ridiculed allegations of
dissension within the Allied High
Command and repeatedly referred
to his commanders as members of
his "team."

The four-starred American Gen-
eral explained that Montgomery
had been put in tactical control of
the Allied landings in Northern
France until the Allies were able to
break out of the Normandy bridge-
head, and said that the new set-up
does not mean that the Americans
won't help the British or vice-versa.

Meat and Butter Point Values To Be Unchanged

WASHINGTON, Aug. 31—(INS)—
The Office of Price Administration
announced today that meat and but-
ter point values will continue un-
changed in September when civil-
ians will receive a slight increase
in the over-all supply of meat but
10 percent less of the better cuts.

Present point values will be
maintained next month for beef
steaks and roasts of AA (choice), A
(good) and B (commercial grades);
lamb chops and roasts of AA, A and
B grades; and pork hams and loins.
All other meats will continue point
free, including utility beef and lamb.

Creamery butter will continue at
16 points per pound in the Septem-
ber ration period, although the new
point charts have it listed at 20
points. OPA explained that the
supply was found to be adequate to
maintain current butter values af-
ter the charts already had been
printed.

The telegram received yesterday
clarifies a message sent by Pvt.
Blumling to his wife. He had stated
in a letter received last week that
he was hospitalized in England,
but did not say whether he had an
attack of illness or had been
wounded in action.

Magill Funeral To Be Held Saturday Afternoon

Funeral services for Mrs. Kate
Lyons Magill, 59, wife of Dr. Ros-
coe C. Magill, well known New
Hope and Bristol eye specialist and
physician and member of the staff
of several Philadelphia hospitals,
will be held Saturday afternoon in
the Lambertville, N. J. Presby-
terian Church, The Magills resided
at New Hope.

Mrs. Magill died suddenly on
Tuesday night at the Lankenau
Hospital, Philadelphia, where she
had been a patient but a short time.
She suffered a heart attack five
hours before she died, at a time
when she seemed to be very much
improved.

She was the daughter of the late
Mr. and Mrs. James Lyons, of Lam-
bertville and had been married to
Dr. Magill for 34 years. She was a
well known teacher of violin for
some years, but in recent years
devoted her time to assisting her
husband and did his secretarial
work.

The survivors include the hus-
band, Dr. Magill, who is also super-
intendent of Washington's Crossing
Park; a son, Chief Petty Officer
James Lyons Magill, U. S. Navy,
stationed at Asbury Park, N. J.,
and a daughter, Jean Watt Magill,
living at home.

FILE SUITS AGAINST SEVENTY-FIVE RESIDENTS OF BUCKS COUNTY; LARGEST EVER FILED IN ONE DAY

DOYLESTOWN, Aug. 31—Seven-
ty-five suits against Bucks county
residents—the largest ever filed in
one day—were filed yesterday in
the Court of Common Pleas of
Bucks county by Horace N. Davis,
Esq., of Bristol, and Insurance
Commissioner for the Common-
wealth of Pennsylvania Gregg L.
Neel.

The suits are to recover an as-
sessment made against policy hold-
ers in the defunct Keystone Indem-
nity Exchange of Philadelphia,
which company was dissolved June
8, 1933.

Litigation has been in progress
for 11 years since the dissolution

TAXATION AND FINANCE

PART SEVEN:

SOUND SOCIAL SECURITY (Doylestown Intelligencer, August 31st)

The Freudians believe that what we forget is what
we dislike. That may be the reason that people thinking
about government and finance often tend to leave the tax
bill out of consideration.

The Social Security program is marvelous; the big-
ger, the better—so long as you forget taxes. Remember-
ing them, however, recalling that from some source partly
from your own pockets and those of your children, must
come the money to pay the bills, slightly dampens the first
enthusiasm.

Social Security as organized at present is an eco-
nomic impossibility. One does not require to be an enemy
to the principle of government help for the needy to con-
cede that statements in fact, those sincerely sympathetic
to social security are more apt, perhaps, to wish a sound
financial foundation than those who seek to use the pro-
gram merely for political purposes.

Social Security was first envisioned as a gigantic re-
volving fund or funds, created from payroll deductions
and employer contributions, out of which unemployed,
aged widowed mothers, blind and other dependents would
receive support. The economic theory was that contri-
butions would in the long run match expenditures, so that
the fund would become self-supporting. It was to be, in
effect, an insurance pool operated by the government.

Instead it has been the occasion of a check-writing
orgy, the contributions largely handled as current revenue
instead of reserves, the bills met principally by borrowing
against future generations.

The economic factors are unmistakable. Social Se-
curity cannot continue indefinitely if it is to be on the
basis of endless borrowing. Neither can it operate if the
amount of its disbursements goes beyond the ability of
wage-earners to support through taxes and deductions.

Coming when it did, Social Security had particular
attractiveness to the New Deal political leaders. It was a
matter strongly in the public mind at that time — a time
when scarcely a job-holder in the nation was sure he also
might not be needing relief in a matter of weeks.

National credit was excellent—the national debt had
been greatly reduced since the First World War; there
was little difficulty about borrowing the money, and no
particular public anxiety about the future tax bills.

Moreover, the right to hand out stupendously large
checks, without judicial or other review, fitted into the
hands of the "practical" politicians of the New Deal
school. Many millions of relief and other Social Security
funds were misspent for flagrantly political purposes.

For the theorists of the New Deal, those who wanted
strong central government to enable them to attempt
their social revolution, the plan was ideal. It gave them
a chance which they otherwise lacked of breaking down
the Constitutional checks and balances of States' Rights.
Seizing the power of putting conditions of the allocation

Make Known Identity Of Sailor Found Dead

The next of kin have been noti-
fied and Naval officials have made
known the identity of the sailor
found dead along the Old York road
between Buckingham and Furlong
early Monday morning.

The sailor was identified as Sea-
man 2/c Russell Cheatham Stough-
ton, stationed at the U. S. Naval
Air Station at Hallowell, Stough-
ton's home is in Alexandria, Va.

State Police and naval officials
believe that the sailor was thumb-
ing a ride back to his station when
he was struck by a hit-run driver.
The impact was so great, that
whatever hit the sailor, almost de-
capitated him.

The badly mangled body was dis-
covered lying on the highway by
William Fisher, of New York City,
a truck driver en route to New
York.

SGT. C. J. ROSSI IS AWARDED AIR MEDAL

Operational Flights Total
Over 100 Hours In
25 Days

'COURAGE UNDER FIRE'

Sgt. Cherubino J. Rossi, an
engineer-gunner in the U. S. Army
Air Corps, has been awarded the
air medal.

Sgt. Rossi, who is a member of
the Bombardment Squadron, is
cited in this manner for the period
from June 1 to June 25, 1944, for
"meritorious achievement while
participating in operational flights
totaling more than 100 hours, dur-
ing which exposure to enemy fire
was probable and expected."

On these flights over enemy-held
Burma, it is stated, Rossi and other
of the crew "exhibited keen per-
ception and appreciation of the im-
portance of their assignments and
relation to the combat crew as
members thereof. The execution of
their assigned duties with coolness
and courage under enemy fire is
worthy of the best traditions of
the Army Air Forces."

Rossi is the son of Mr. and Mrs.
Pasquale Rossi, 1194 Wood street.

Lad, 5, Found Drowned In Creek Yesterday

RICHBORO, Aug. 31—Five-year-
old John Andrew Lindsay, son of
Dr. and Mrs. Thomas Lindsay, well
known Richboro, Bucks county
physician, was found drowned in a
small creek on the farm of
Julius G. Heinicke, Means and
Poorhouse rds., in Warwick town-
ship yesterday.

The youngster had been playing
with another 5-year-old child, Jay
Heinicke while Dr. Lindsay was
allowing on his farm opposite the
Heinicke place.

The Heinicke youngster had been
called for dinner and the Lindsay
boy, it is believed, started over to
meet his father when he fell in the
creek. The body was found by Dr.
Lindsay several hours later as he
waded through the shallow creek.

The Lindsays have three other
children, Martha, 12, Thomas, 10,
and Susan, 3.

WOUND FOLLOWED 25 DAYS OF FIGHTING

Pvt. Jos. A. Winslow Had
Snipers To Contend With
In Hedgerow Battles

RAPIDLY IMPROVING

Pvt. Joseph A. Winslow, 892
Beaver street, who a month ago
informed his wife, Dorothy Ander-
son Winslow, that he had been
wounded in action, sustained that
hand wound after 25 consecutive
days of fighting in Normandy
where every hedgerow was alive
with enemy snipers and Nazi
SS men, guns ready to blast any-
thing that moved. This is accord-
ing to information coming from
the U. S. General Hospital in
England where Winslow is a
patient.

His ward surgeon, Capt. R. L.
Wilder, states that "Pvt. Winslow
is recovering rapidly and his con-
dition is improving."

"The day I was wounded," the
infantryman said, "we were
crawling along a hedgerow. The
Germans were a few yards in front
of us. All of a sudden a shell ex-
ploded beside me, blowing the fel-
low that was leading the column
completely in half. That was
where I got mine."

Forecast Early Immobilization of Nazi Robot Bomb Coast

Supreme Headquarters, A. E. F.—A lightning British jab into the
city of Amiens on the Somme, forecasting early immobilization of the
Nazi robot bomb coast was reported in a Reuter dispatch from the
battleground today.

Official information from Gen. Dwight D. Eisenhower's headquarters
placed Lieut. Gen. Sir Miles C. Dempsey's crack British troops 29 miles
from Amiens. But Desmond Tighe, Reuter correspondent with the 2nd
Army, flashed this dispatch from the battlefield:

"At first light this morning Gen. Dempsey's British armored columns
after an all-night forced drive through pelted rain under low clouds
and up muddy roads, reached Amiens, which lies only some 49 miles from
Abbeville." In reaching Amiens, the British cut the main road between
that city and Beauvais in several places "towing the German lines of
communication into confusion." Reuter said.

Amiens is a city of enormous strategic importance. It was the scene
of a great German breakthrough in 1940 and its fall made that of Abbe-
ville inevitable, with the result the Nazis crashed through to the channel
coast, precipitating the necessity of a British evacuation from Dunkirk.

Only advanced elements reached Amiens during the morning, but
three strong columns of tanks and armored cars were closely behind,
with a broad front of motorized infantry in their wake.

Toppling Reich Threatened With New Disasters

London—The toppling Reich is threatened with new disasters today
as Romanian delegates in Moscow talk peace terms, the puppet state of
Slovakia razes in full-scale revolt, and Bulgaria reportedly prepares for
an armistice.

A Reuter report from Cairo told of the arrival of a Bulgarian
armistice commission there and said they were met by a group of civil-
ian and military Allied Balkan experts.

It was previously reported that Lincoln McVay, U. S. ambassador
to Yugoslavia and Greece, and Lord Moyne, British Minister of State
in the Middle East, would head the Allied delegation negotiating the
armistice. Preliminary work on the terms was reported completed after
conferences both with Prime Minister Winston Churchill and representa-
tives of the Soviet Government and a Bulgarian reply is anticipated within
a few days.

BRISTOL TOWNSHIP TO OPEN SIX NEW SCHOOL ROOMS

Addition to Junior High
School Allows Expan-
sion of Program

THE TEACHER ROSTER

Announce the Schedule on
Which Buses Will Oper-
ate During Term

Bristol Township schools will
open Tuesday, September 5th. All
first grade pupils will be registered
on the opening day of school. It
is necessary that such children be
six years of age before February 1,
1945, and that they take with
them birth certificate and vaccina-
tion certificate, states the principal,
Andrew Jackson.

Maple Shade School will continue
half sessions in first, second, third,
and fourth grades on the same
schedule as 1943-44 term. All other
schools will be on full day sched-
ules.

All necessary repairs, painting
and alterations have been made in
the elementary buildings.

The capacity of the junior high
school has been increased by the
addition of six rooms, making it
possible to have a complete junior
high school set-up of seventh,
eighth and ninth grades in one
building. The additional rooms to
the junior high school have added
to the facilities for the library,
home economics, and industrial
arts.

Additional furniture has been
purchased for the music depart-
ment, library, and home economics.
The home economics department
will now include home-making,
clothing, and food.

The roster of teachers is com-
plete and includes the following:

Junior high school studies: Wal-
ter D. Miller, social studies; Henry
C. Morgan, mathematics and phys-
ical education; James E. Foley,
civics and history; Max Lawrence,
industrial arts; James S. Ritter,
science and mathematics; Miss
Ethel Kines, English; Miss Edna
Pennypacker, English; Mrs. A.
Erna McKevitt, music; Miss Gladys
Ackerman, art; Miss Hazel B. Cook,
home economics; Mrs. Ethel B.
Woolston, geography; Miss M. Ivy
Foley, mathematics and Latin;
Miss Tama E. Swower, librarian;
Mrs. Pearl Strubbe, physical educa-
tion and guidance.

Croydon faculty: Mrs. Mary W.
Devine, 6th grade; Miss Leona
Buck, 5th grade; Miss Orpha Wet-
zer, 4th grade; Mrs. Estelle Rea,
3rd grade; Miss Anna Kirby, 2nd
grade; Mrs. Glenda Glassmire, 1st
grade.

Maple Shade school: Miss Caro-
line Black, 6th grade; Miss Ethel
Morgan, 5th grade; Mrs. Florence
Lewis, 4th grade; Miss Kathryn
Griffie, 3rd grade; Miss Dorothy
Diehl, 2nd grade; Miss Evelyn
Teaf, 1st grade.

Laurel Bend School: Mrs. Made-
lyn Patty, 5th and 4th grades; Miss
Kathleen Beck, 3rd and 4th grades;
Mrs. Genevieve Miller, 1st and 2nd
grades.

WHAT OUR BOYS ARE DOING TO WIN THE WAR

PONTIAC, Mich., Aug. 31—The
Army Ordnance Department to-
day announced that Lawrence S.
Moore, of Bristol, Pa., has com-
pleted a special course in anti-
aircraft artillery maintenance at
the Pontiac Ordnance School
conducted by the Pontiac Motor
Division.

He was selected to attend the
course in practical mechanical
upkeep, operated by the Or-
dnance Department which main-
tains schools, in cooperation
with manufacturers, throughout
the country.

The automotive industry is re-
sponsible for the manufacture of
practically all the anti-aircraft
weapons required by our Armed
Forces. Therefore, these orga-
nizations were recognized as a
logical place to set up training
facilities to augment those al-
ready in existence in the Or-
dnance Training Centers. The
immediate need for trained spe-
cialists to maintain and repair
this equipment was met by the
manufacturers of these weapons
within their organizations.

PAPER FOR VICTORY

Because paper is as essential to war as metals, a nationwide campaign is under way to make up through salvage a shortage which exists in the regular channels of production. The goal of this campaign is a minimum of 8,000,000 tons a year. This huge amount indicates the tremendous need for paper during the closing months of the war. Thousands of patriotic citizens are engaged in the effort. Civic organizations throughout the nation are lending a hand.

Next to food and ammunition, paper is the most vital need of America's fighting men. What they eat must be wrapped in paper. Ammunition for their guns is protected by it. Blueprints for a battleship require 25 tons of paper. Blood plasma which is saving hundreds of lives, would not be available if it were not for paper. There are thousands of other uses.

The War Production Board has issued many orders to meet the shortage. The first move was to ration paper to the newspapers of the nation. Quotas were drastically curtailed—to such an extent that much advertising has had to be omitted for lack of space. To date only one newspaper in the entire United States has been found guilty of failing to comply with rationing restrictions.

The record of the Washington bureaucracy in the campaign to save paper stinks. Paper for the press of America has been curtailed, but the New Dealers have wasted thousands of tons on non-sensical questionnaires and on propaganda handouts.

POSTWAR HOUSES

National Association of Home Builders has called in publicity experts to debunk the widely accepted belief that houses to be constructed after the war will be little short of dream homes.

There has been much irresponsible propaganda to that effect. Elaborately illustrated articles showed the home of the future to be a thing of beauty and a joy forever. Cool in summer, warm in winter, entirely automatic in all its functions, beautiful inside and out, these houses left absolutely nothing to be desired.

Association heads fear the public will be sold so thoroughly on the idea that homes built from conventional plans will not be accepted. To overcome possible harmful effects of irresponsible predictions as to future housing, they will initiate a nationwide campaign in which they will point out that for at least several years after the war houses will be little different in general style than at present. Improvements will not be of a revolutionary nature.

A million homes a year is the peacetime goal. They will cost more because of increased material prices and higher labor costs. They will be insulated, with finished basements to add to roominess. Five and six-room types will have no dining rooms and will cost from \$6,000 up, according to local conditions.

The dream home is yet to come.

NEWS BRIEFS FROM SUBURBAN TOWNS

HULMEVILLE

Mr. and Mrs. Frank DeFore have had as a guest PFC William Laib, who is on a 14 days' furlough from Newfoundland. PFC Laib is the son of Charles Schmidt.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acid and waste out of the blood. They help most people pass about a pint a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or recent passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Recipe for a Perfect Marriage

Dee and Jane Cuppers celebrated their Golden Wedding Anniversary last Saturday. Having so many friends, it seemed like half the town stopped in that evening to pay their respects.

Little Ida Moffat brought a home-made poem to read, called Love Enduring. Bert Childers fiddled "Silver Threads Among the Gold." Will Dudley made a speech and proposed a toast.

And as I watched that toast—Dee with his glass of beer, Jane with her buttermilk—I thought to myself: There's a recipe for

happy marriage. Two folks with different tastes—no doubt an honest fault or two—who through the years have learned to live in tolerance and understanding.

From where I sit, Dee and Jane are a mighty good example to young married people of today—an example of how moderation, tolerance and understanding can build lasting happiness and solid homes.

Faith Clarke's SHOPPING TIPS FOR BUDGETEERS

GOOD "YOUNG" SHOES: To my way of thinking there just isn't any shoe for boys and girls that can surpass an "Edwards." And now the Snellenburg Shoe Dept. has its quota for early school wear. These carefully designed shoes of excellent brown elk-cowhide are amazingly reasonable in price—only \$4.45 for sizes 8½ to 12 and \$4.95 for sizes 12½ to 2. I particularly like the leathers in the Edwards shoes, because they are soft enough for comfort, yet sturdy enough for hard wear. The styles for boys are equipped with "scuff" tips. (1st fl.)

CHESTERFIELD HATS: At least that's what I call them, for they are especially designed for wear with velvet-collared Chesterfield coats so good last year and so essential this season. They are "young" hats, yet become girls twelve to sixty! There are three outstanding styles, all with felt tops and flattering velvet brims. All are the same good price—\$2.85. There's a soft-appearing but firm little pill-box with a velvet rim rather than brim, a charming cloche, and a winched Dutch version. Colors are combinations of colors are legion, including the more subdued all-browns and blacks. You'll like this first floor Snellenburg Hat Bar!

"SUITWISE" are the unusually distinctive "Glenwear" blouses now to be had at the first floor Blouse Counter of the Snellenburg Store. And are they popular! The unexpected price of \$2.95 for this quality blouse adds to the appeal. Several definitely new necklines, as well as the classic roll collar type. Bright shades, such as amber, fuchsia, powder, etc., and white and deeper tones consistent with Autumn. You'll love them. These blouses are inexpensive enough to buy several. Both smooth crepe and spun rayons. Sizes 32 to 38. (1st fl.)

HIGH SCHOOL "BRIEFS," the kind snappy students like, are to be had in the Handbag Dept. of the Snellenburg Store. These durable brief cases of split cowhide leather come in brown and in black. They are generous in size, have three pockets, and those grand extension locks. This particular model comes at a mere \$3.75. Strong handles. Other models to \$7.95. This department also has an unusually nice assortment of good brief cases of the type business men like, up to \$12.95. See the whole display when in the department. (1st fl.)

U.S. Shop at this friendly store—Market from 11th to 12th, then to 12½-29 Chestnut St., Phila. Or order by mail. Or phone free (5c, 10c and 15c out-of-town calls only.) Clippings appreciated. Penna. number, EXTerprise 10160; New Jersey, WX-1150. Cheerful, Faithfully, FAITH

PACKAGES FOR ENGLAND can be had in the Chestnut St. Snellenburg Food Store! Big, luscious packages of just the things hard to get or non-existent in the British Isles. I couldn't begin to enumerate the items in the various types of packages, but I did glimpse candies, canned goods, coffee, sugar, tea, handkerchiefs, razor blades, tooth brushes, wallets—even salt—etc! Select your own assortment! \$3.49 to \$5.98. Grand for Christmas gift-giving or just send-anytime presents. Well packed. Assortments for either our boys or our girls. (1st fl.)

SCHOOL AND HOME stationery and supplies are now on exhibition in that comprehensive Stationery Dept. of the Snellenburg Store. I saw good water-repellent canvas school bags, many leatherette trimmed and reinforced, priced at but \$1 to \$1.69; pencil cases at 50c to \$1; composition books at 25c each, and a fine school Majestic fountain pen, 14-kt. point, only \$1.69. Also, for our own home use—especially when writing for airmail—I found delightful "Airtin" writing paper by the box—two hundred sheets and twenty-two envelopes—at only \$1! Comes in white, pink, blue, with printed camouflage linings. Very smart. I'm tucking away two boxes for Christmas! (1st fl.)

BOYS' SHIRT-TAILS may be worn in or out, according to young fashion dictators, but personally I, and most mothers, prefer the neat tucked-in kind, such as can be found in the Snellenburg Boys' Dept. at \$1.55 each. These particular shirts come in sizes 8 to 14 years. All have long sleeves. They may be had in white or "fancies," including very snappy stripes. Though colorful, each garment is guaranteed for washing without losing its distinctive hue. Comfortably full cut. While in this department, look at the boys' interesting sweaters at \$2.95 each. Sizes 30 to 38. Pullovers and cardigans in plain colors, two-tones and novelties. (3rd fl.)

JUST LIKE DAD'S are the very manly tailored Snellenburg suits for the "younger" men of the family. I refer particularly to the 100% virgin wool tweeds to be found in the good Boys' Dept. Nice detailing, even to swank "half-linings," make these suits particularly attractive at such a price—\$16.75. Sizes 14 to 20. (3rd fl.)

“WE’D RATHER SAY YES”

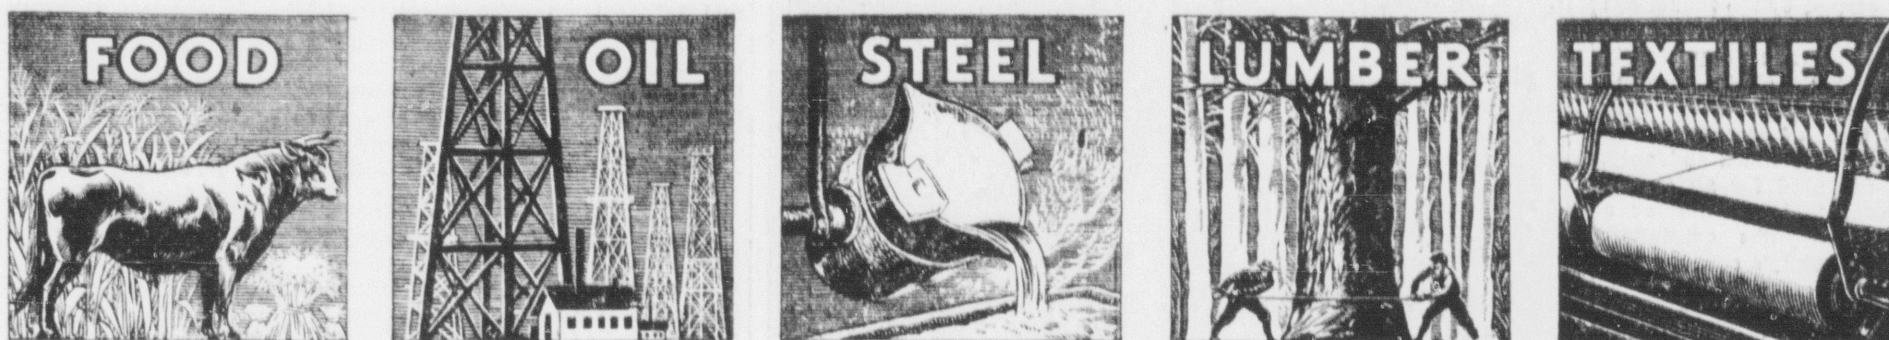

We don't like to tell people that they'll have to wait to get a home telephone. We'd much rather say "yes" to requests for service. That's the way it used to be.

But the needs of war have first claim on available telephone equipment and on telephone manufacturing facilities and manpower. Delays in filling civilian orders just can't be helped.

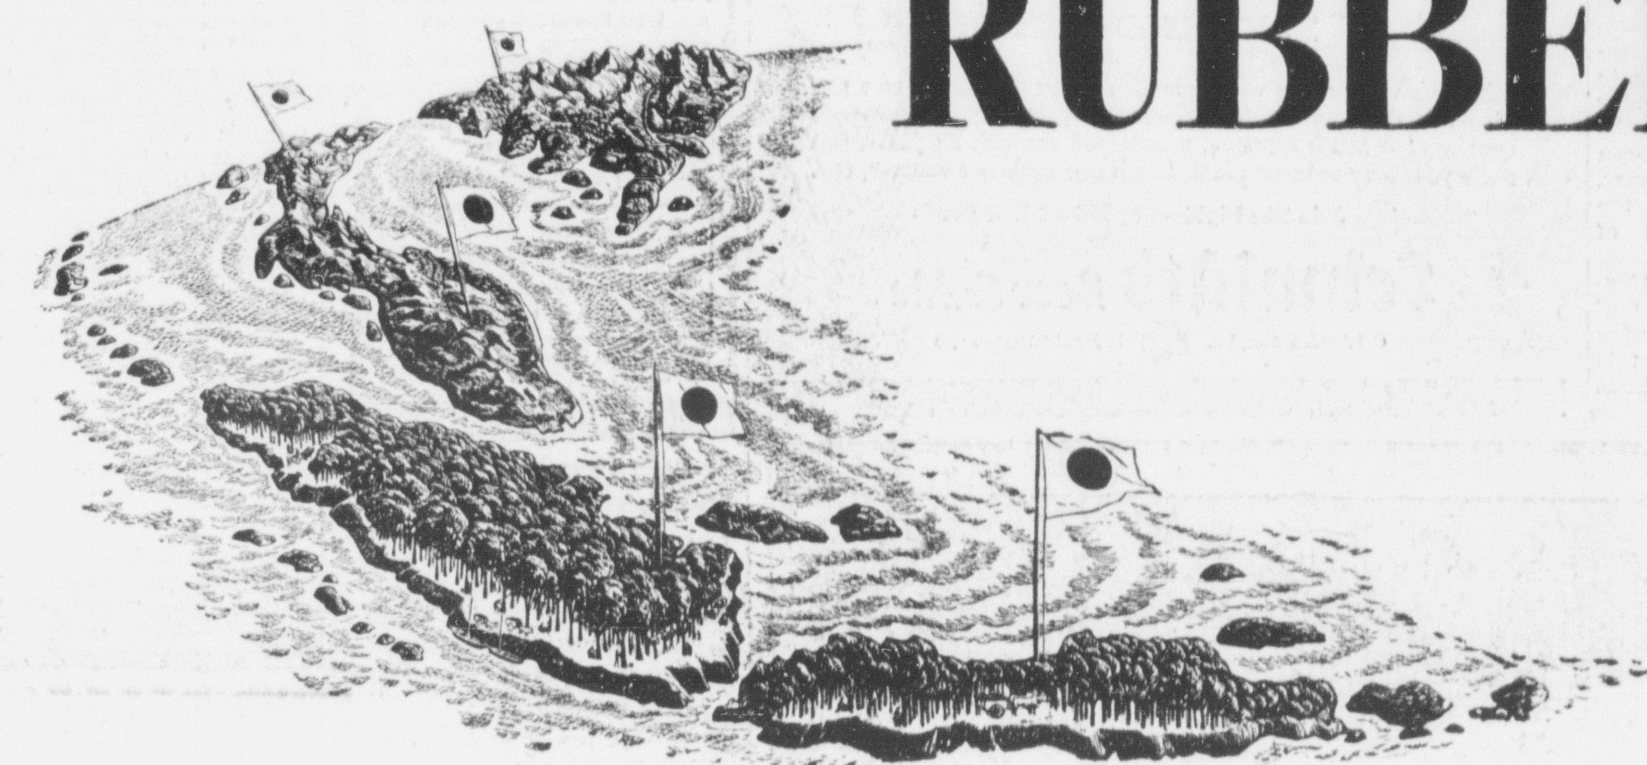

All of us telephone people sincerely appreciate the co-operative understanding being shown by the many thousands who are waiting their turn to get service.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

When War Came We Had All of These:

...but the Enemy had the RUBBER

Synthetic rubber... America's great war miracle... quickly overcame this crisis chiefly with the aid of alcohol produced by beverage distillers

The Japanese conquest of the world's largest natural rubber producing centers produced a grave crisis in America's war effort.

Synthetic rubber was the only solution. The problem... to produce it in time.

America's rubber chemists knew how to make it. But... the most practical process at the time required huge amounts of alcohol... far beyond the already overtaxed productive capacity of industrial alcohol plants.

Fortunately the beverage distilling industry was in existence in this country with 125 distilleries and a capacity of nearly 250,000,000 gallons annually.

Beverage distillers stopped making whiskey overnight... converted 100% to the manufacture of industrial alcohol. Soon millions of gallons of this vital ingredient were flowing into synthetic rubber plants.

The rest is history.

Synthetic rubber production today is ample to meet our needs for essential civilian and war rubber goods... this emergency no longer exists.

Proof!... the request of Bradley Dewey, Rubber Director, to terminate his wartime powers.

Thank you for your patience!

America's beverage distillers are fully aware of the inconveniences you encountered during the 22 months when not a drop of whiskey was made in this country. For your extreme patience and understanding during this period, they express their sincere thanks and appreciation.

Conference of Alcoholic Beverage Industries, Inc.

CRISIS IN 1942

"If we fail to secure quickly a large new rubber supply our war effort and our domestic economy both will collapse."

—Baruch Report, Sept. 11, 1942

ACHIEVEMENT IN 1944

"A synthetic rubber industry has been established and is in complete operation. It is providing the nation with an ample supply of rubber."

—Bradley Dewey, Rubber Director, July 25, 1944

TRIBUTE

Commenting on the beverage distilling industry's contribution, a high W.P.B. official said on April 13, 1944...

1. "...it is fair to regard the rubber manufactured to date, as being almost solely the product of the beverage distilling industry."
2. "...synthetic rubber is from 6 to 9 months ahead of where it could have been if alcohol had not been available for butadiene production."
3. "...an almost unparalleled example of the overnight conversion of an entire industry from peace to war."

—Dr. Walter C. Whitman

"Youth Appeal" of Dewey Hailed by Mrs. Carroll

HARRISBURG, Aug. 31.—(INS)—The "youth appeal" of Gov. Thomas E. Dewey, 1944 Republican standard bearer, will help swing Pennsylvania women into the GOP line-up in the general election, Mrs. Edna R. Carroll, vice chairman of the Republican State Committee predicted today.

"This year," she declared, "sixty per cent of the voters will be women and the majority of them will cast their votes for Governor Dewey."

Mrs. Carroll said the 42-year-old presidential nominee could count on a huge bloc of women's votes November 7 in his battle to out President Roosevelt from the White House after 12 years.

The preponderance of feminine voters was caused by the inductions of men into the armed services and while they will have an opportunity to cast military ballots, election officials have not indicated they expected a flood of returns unless the war in Europe ended suddenly. "Women are glad for an opportunity to cast their ballots for a young candidate," she continued. "They admire Dewey's courage and ability."

Mrs. Carroll said women liked to visualize Dewey's wife as the nation's first lady and added that Mrs. Dewey and Connecticut's glamorous Congresswoman, Mrs. Claire Booth Luce, would be influential in determining the women's choice.

No Water Shortage In Doylestown Area

DOYLESTOWN, Aug. 31.—If each of the approximately 5,000 men, women and children of Doylestown had used their proportionate amount of 400,000 gallons of water that was consumed daily during the recent hot spell, it would have been 80 gallons apiece for each 24 hours, nearly 33 per cent more than the average daily consumption of 300,000 gallons during 1943.

According to the report of Herbert P. Coulton, superintendent of the water works, the consumption of water has been stepped up this summer by 50,000 to 60,000 gallons over the average daily amount.

No difficulty has been experienced, however, in keeping the regular quantity of water on hand. As explained by Superintendent Coulton, there are a sufficient number of wells available so that he can keep some of them shut off and allow the water to regain the pressure lost because of use.

"A drought, such as we have had this season, naturally reduces the amount of water that is passing into the ground and replenishing the supply from which the wells are furnished," said Coulton. "By allowing the wells to rest at intervals, their supply is built up and by having 'spare' wells as we have, there is no difficulty in keeping our supply even."

Graduates With Honors At Commissary School

William Joseph Wilson, Ship's Cook 1/c, of San Diego, Cal., son of former Bristol residents, recently graduated as honor man of a class of 46 in the commissary stewards school at the Naval Training Center in San Diego.

Wilson, son of William C. and Hazel M. Wilson, of San Diego, has concluded 23 months of sea duty, 16 of them being spent on an auxiliary craft, and seven months aboard an amphibious vessel.

The young man is possessor of campaign ribbons and battle stars, representing defense of Guadalcanal, initial landing on Tarawa and initial landing on Kwajalein. The young man, aged 34, joined the navy in March, 1942. His tour of duty has taken him to Honolulu, the Marshall Islands, Johnson, Palomar, Samoa, Pango-Pango, New Zealand and New Caledonia.

PITTSBURGH—(INS)—A new degree—associated in arts—will be offered to veterans in a new course at the University of Pittsburgh. The two-year course "is only offered as a help," to veterans anxious to settle their lives as soon as possible, explained Dr. Stanton C. Crawford, dean of men.

LEGAL NOTICE

TO ALL TAXPAYERS OF THE COUNTY OF BUCKS AND OTHER INTERESTED PARTIES:

NOTICE is hereby given that the ASSESSMENT ROLL has been prepared and submitted by the Chief Assessor of Bucks County to the Board of Assessment and Revision of Taxes, of Bucks County, in the form prescribed by said Board with list of persons and property subject to local taxation, together with the value placed upon each person, each parcel or tract of real property and the personal property of each person; also a list of property exempted by law from taxation, as required by the Act of General Assembly of Pennsylvania approved May 21, 1943 being Act No. 254.

The said Assessment Roll shall be open to public inspection at the Offices of the Board of Assessment and Revision of Taxes in the Administration Building at Doylestown, Bucks County, Pa., during the ordinary business hours of each business day for a period of thirty days, said business hours being from 9.00 A. M. until 4.00 P. M., on each Monday to Friday inclusive and on each

Saturday from 9.00 A. M. to 12.00 Noon, except on Christmas and New Years day, or other legal holidays.

You are notified that any person aggrieved by any assessment may appeal to the Board of Assessment and Revision of Taxes for relief. Any person desiring to make an appeal shall file a statement in writing, stating the assessment or assessments by which such person feels aggrieved, and (2) the address to which the Board shall mail notice of when and where to appear for hearing. The Act provides: "No person shall be permitted to appeal from any assessment in any year unless he shall have first filed the statement of intention required, nor shall any person be permitted to appeal as to any assessment not designated in such statement."

In addition to the notice of intention to file an appeal any person desiring to appeal from any assessment shall file a statement in writing designating the assessment appealed from, with the Board, within two and one-half months from the date of this notice, to wit: on or before the 15th day of November, 1944.

Dated at Doylestown, Pa., September 1st, 1944.

JOHN S. ROBERTS, JR., Assessor
EDWARD C. HANCOCK, Bucks County Board of Assessment and Revision of Taxes.

ARE YOU HELPING TO MAKE VICTORY HEADLINES?

The boys on the fighting front have already done an excellent job of pushing the enemy back, but they must continue to receive the materials with which to complete the job.

You can help supply those materials by working at the ROHM & HAAS PLANT in BRISTOL.

You can know the thrill of actually helping to make Plexiglas canopies for such well-known airplanes as the Republic "Thunderbolt," the Navy's Curtis "Hell Diver" and the famed Grumman "Wildcat."

You can assist in the production of Plexiglas noses and turrets for the big bombers—the "Liberator," the "Martin Mariner" and the "B-26."

There are jobs in our Plastics Department waiting to be filled.

Cpl. Wayne Fry Takes As His Bride Miss Doris Hendricks

LINDEN, N. J., Aug. 31—A corporal in the U. S. Marine Corps Reserve, Wayne Franklin Fry, of Bristol, Pa., took as his bride at an early evening ceremony, yesterday, a resident of Linden. The bride is the former Miss Doris Hendricks, of 135 Thelma Terrace. The six o'clock ceremony occurred in the Linden Methodist Church, the Rev. Forrest L. Decker being the officiating clergyman.

The bride is the sister of Mrs. Edmund B. Schoonmaker, of Linden; and Cpl. Fry is the son of Councilman Roy F. Fry, 323 Jefferson avenue, Bristol. The former Miss Hendricks at one time resided in Bristol. She is the daughter of Mr. John Reading Hendricks, of Wood street, Bristol, and the late Mrs. Hendricks.

Ferns and palms made an attractive setting in the candle-lit edifice, and wedding music was provided by Mrs. O. Goodwin, who played "Evening Star," "Perfect Love," "Ah, Sweet Mystery of Life," and "I Love You Truly." Miss Anne Elchorn was the vocalist for the occasion, her offerings being "Because" and "Calm As the Night."

Attending the bride were Miss Irene Perkins, Linden, who served as maid of honor; and Miss Adele Schoonmaker, a niece of the bride, as junior bridesmaid. PFC Kenneth Kistler, of New Tripoli, Pa., was the attendant of Cpl. Fry; and Mr. J. Robert Hendricks, Bristol; and Mr. Charles D. Bean, Hulmeville, Pa., served as ushers.

The bridal gown was an attractive model patterned from shell pink brocade taffeta. The gown had a sweetheart neckline, and long full skirt with a slight train. Her fingertip veil and tulle collar were in matching color tone, as were also her mitts. She carried a bouquet of white roses and bouvardia with bow of pink tulle.

Miss Perkins selected for the occasion a gown of blue brocade taffeta, fashioned like that worn by the bride; and Miss Schoonmaker wore yellow taffeta patterned similarly. The attendants wore cat's paw matching their respective costumes. Miss Perkins carried pink roses and blue delphinium; and Miss Schoonmaker carried yellow roses and blue delphinium.

Fifty guests were served at the Coloma Country Club at Coloma. Leaving for a honeymoon journey to the Pocono Mountains, Mrs. Fry wore a dress of orchid sheer wool, trimmed with wool fringe. Her hat was in matching tone, and she wore black accessories.

Mrs. Schoonmaker, sister of the bride, chose for the wedding ceremony a dress of black crepe, trimmed with pink eyelet embroidery; black velvet hat with pink face veil; and long black gloves.

The bride will remain in Linden, while Cpl. Fry will report to Quantico, Va. The bride is a graduate of Bristol high school, Bristol, Pa.; and of Drake College, Mr. Fry graduated from Bristol high school and from Philadelphia Textile Institute. He has been serving for the past 22 months in Ireland, and is now on 30 days' furlough.

Today's Quiet Moment

By the Rev. Arthur D. Sargis
Pastor
Eddington Presbyterian Church
Eddington

Almighty Lord and everlasting God, vouchsafe, we beseech Thee, to direct, sanctify, and govern, both our hearts and bodies in the ways of Thy laws, and in the works of Thy commandments; that through Thy most mighty protection, both here and ever, we may be preserved in body and soul; through our Lord and Saviour Jesus Christ with whom, in the days of His flesh, we can say, "Thou art our refuge; our present help in time of trouble; our hiding-place from the wind and covert from the tempest; our God, in Thee will we trust." We pray in the name of our resurrected, ascended and glorified Saviour even Jesus Christ our Lord. Amen.

BRISTOL ALL-STARS LOSE TO TRENTON GIRLS; SCORE, 7 TO 3

Klemczak and Vitale Do Pitching for Bristol Team

PLAYED AT TRENTON

Return Game To Be Played On Bristol High School Field

TRENTON, Aug. 31.—The Bristol All-Stars received their first setback of the season last evening on Wetzell field as they bowed to the Trenton All-Stars 7-3. The Bristol All-Stars is an aggregation picked from the Girls' Industrial Softball Association while the Trenton team was picked from the Trenton Playground league.

Stella Klemczak and Viola Vitale did the pitching for the Bristol team while their battery mates were Rita McHugh and Ella Mae Puma. Both teams played good ball in spots.

George Moran, president of the Girls' Industrial Softball Association, announced last night that a return game will be played on the Bristol high school field next Thursday evening.

Wound Followed 25 Days of Fighting

"Before I was wounded," he said, "I took a jeep into a wood to see if there were Germans there. When I had gone a short ways, I came upon two Jerries drinking cognac. They were nearly drunk. After taking them prisoners without any trouble I went back to camp."

"The French were friendly to us," said Pvt. Winslow. "They gave cognac and wine to any of our soldiers passing their homes. It was all they had left to give but they were generous."
Colonel A. G. Gould, of Ithaca, N. Y., commanding officer of the hospital, said: "Pvt Winslow is receiving treatment from an experienced staff of doctors and nurses. The latest medical techniques in modern science are available for his benefit."

Here and There In Bucks County Towns

Continued from Page One
A fire took place about five o'clock, shortly before the 73 persons attending the reunion were about to have a picnic supper. The Newtown Fire Co. responded to the alarm and was able to save the barn which was about 25 feet from the hayhouse. Water was drawn from Silver Lake.

The cause of the fire is not known.
The fire was the second family tragedy to occur during the day. The other occurred about 5.30 a. m. when James McLaughlin, Ivyland, died of a stroke.

During the business session it was announced that three other members of the family had been lost during the past year. They were: John Tomlinson, Langhorne; Charles Tomlinson, Yardley, and F. J. Hastings, Langhorne.

Five marriages and six births were reported.

Mrs. Phoebe Carver, Langhorne, who was 31 in May, was the oldest member present, and the youngest was Samuel Thomas, the son of Thomas and Mae Longstreet, of Newtown, who was born October 17, 1943.

Floyd Marlett, Langhorne, was re-elected president of the reunion. Other officers include: Preston Carver, Churchville, vice-president; Elsie Beans, Lahaska, secretary; and Samuel S. Tomlinson, treasurer.

Holstein Field Day will be held at Groslyn Farm, owned by Isaac S. Gross, about a half mile west of Plumsteadville, on Sept. 1.

Clare Miller, of the National Holstein Association, will have charge of the herd classification which will begin at 10 a. m. Earl J. Groff, president of the Pennsylvania Holstein Association, will speak during the afternoon, when there will also be music provided by local talent. Lunch will be served at noon by the Women's Missionary Society of the Dublin Lutheran Church.

Harry C. Moyer, 73, died suddenly of a heart attack Sunday evening while seated at the supper table at his Quakertown home. He had been ill for some time.

Well known in civic and musical circles, he had been connected for the past 40 years with the Quakertown band and for the past 50 years with other Bucks county musical organizations. He was the first leader of the Citizens' Band of Quakertown and director of the Richlandtown band.

He played the clarinet, piano and organ and was organist at St. John's Lutheran Church, Quakertown, for 22 years, and for 10 years organist of the Methodist church.

A cigarmaker by trade, he had for the past eight years been em-

ployed at the Quakertown Community Hospital.
He was born in Milford township June 6, 1871, a son of John and Catherine Clymer Moyer.

of these moneys to the states, they were able to make great inroads into state sovereignty.

A new picture of Social Security is gradually evolving in the public mind.

Stabilized employment even though based largely on the war effort, has greatly lessened the number of those who think they may shortly be dependent upon government support. The number of those who face substantial tax payment has greatly increased. A growing uneasiness about the dangers of sky-high debt is felt on all sides.

Moreover, the universality of War Bond holding has given many who might otherwise worry little about

fiscal policies a personal and business-like interest in sound national finances.

When a majority of the people of the nation either already had lost their jobs or feared they might soon be out of work, their first consideration was government assistance at all costs. That was the natural and human reaction.

But at a time when the majority of Americans are worrying about meeting their tax bill, the demand is bound to be for a Social Security program which makes financial sense; one not too large to be supported, one which can become self-contained in its finances; one
